Dear Mr. Maxwell:

Re: Reclassification of File Status from DOE/047/024 to S/047/054, Atchee Ridge Mine, Uintah County, Utah

The Division of Oil, Gas and Mining and the Division of State Lands and Forestry have been reviewing your file and as a result of that review, the Division has decided to reclassify your operation as a small mine.

During the time period of 1987 to 1991, several site inspections have been performed either jointly with State Lands or by Division staff. It appears that this operation has been ongoing since 1987. We are aware that you have conducted mining activities under a notice filed with State Lands; however, this office needs a current Notice on file.

Please complete the enclosed Small Mining Operations Notice of Intention (SMO-NOI) form and return it to the Division within 30 days. The new file number for your operation will be **S/047/054**. No further action will be needed on your part to accomplish this reclassification at this time. However, as a result of the reclassification, the Division will be sending you annual report forms to be completed and returned on a yearly basis.

If you have any questions regarding this letter, please do not hesitate to contact me.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
